## ABOUT THE DENTAL CLINIC

With the thought of giving all underprivileged children dental care in the future, plans were made at a meeting held Friday to form the Dental Clinic association with a representative from each of the civic clubs serving as a member of the board of directors. The dental clinic was formed in its early days by the Palmetto Rotary club with Ab Dobrow as the Rotary committee in charge. Over 200 children were given dental care through the efforts of the clinic last year. It was reported to the Palmetto Rotary.

In order to perform a wider and more thorough service to the needy, the dental clinic is planned to make the association wider in its scope than has been the clinic. Temporary offices were chosen last week until the first of the year. Salvatore of Palmetto was president and Mrs. C. D. Canal Point was chosen as secretary. Mrs. Griscow Johnson of Palmetto was named treasurer.

The new officers are seeking the whole-hearted support of all civic organizations in order that the work of the clinic may be carried through to a successful conclusion. Dr. B. Blicher, of West Palm Beach, who maintains an office in Palmetto, will devote one day afternoon of each week to the dental clinic, it was announced by officers of the organization.

Those who have seen the work of the clinic increase from its beginning are pleased with the progress that has been made during the short time the clinic has been operating. Boys and girls without means of securing dental care will be assured of this particular advantage in the future.

I remember quite well a few short years ago when the subject was mentioned at the Rotary club. Everybody thought it was a big idea. But—as the usual case—not a great many did anything about it. Ab Dobrow was appointed to the committee to lay out the plans for the clinic and see what co-operation could be secured. An entertainment was staged and a small amount of money was secured in this way to start the clinic work.

The movement has become one too big for any individual organization to handle. Therefore, the revamping has taken place and all civic groups will be called upon to carry their share of the responsibility.

It is now a great piece of work and has given unstintingly of its time in behalf of the youngsters who would have had no dental care, had it not been for the clinic and its advantages. The fact that Dr. Blicher is a kindly consideration to carry on the work again this year is worthy of note and his many friends in the Lake region will join with me in extending to him a vote of thanks.

I know about toothache and all its uncomplimentary. I don't need one to dig down in bed to get me to understand the importance it really is to carry on the work of the dental clinic association. So, let's get that old soldier to the wheel and give the necessary organized group the necessary co-operation to put it across in a big way.

# Blue Devils Meet Fort Pierce Today In Armistice Game

Large Crowd To Follow Hobsonmen To East Coast

The Palmetto Blue Devils will wind up their traveling season this afternoon at Fort Pierce when they meet the high school eleven from that city at 3:00 p. m. Coach Hobson will take a squad of 28 boys to the game but the outfit will be minus the stellar services of Stevens, star center who injured his hand in last week's encounter with Fort Lauderdale. Mac Murphy, star forward, Tuesday injured his knee in practice. Other than those injuries the Blue Devils are in excellent first string eleven composed of Captain Baxter at left end, Unwin at left tackle, Parker at left guard, Denton at left center, Kautz, Bob Beardsley and Marion Spomer from guard to end on the line and Fraunce at the signal calling position. Boynton and Fowler at half and Dell at fullback. Kautz will pull out of the line and drop into the halfback position. Coach Hobson stated at guard on the defense. Dell will carry on in his workhorse role at fullback for the seventh game this season.

Coach Hobson expects to play a power game and will employ a good number of reserves in an attempt to wear down the opposition. Dell and Boynton will alternate in hitting into the Eagles forward line. Coach Hobson stated that the Eagles have always presented plenty of tough opposition and that this year will prove no exception. He held the fact that Fort Pierce has never lost a game to Palmetto on their home field.

The Eagles have been steadily improving since the start of the season. Coach Husky's eleven has won from Hialeah, 20-0; Fort Lauderdale, 13-0; Stuart, 12-6, and Lake Worth, 20-0. Last year's season between the Blue Devils and Eagles ended in a 26-0 victory for the Devils. This year's season will again be a close one. The flashy left-handed punter, Creebs and the plugging fullback, Robe.

# Six Acres of Onions Heap of Pungency

Six acres of onions—that's a lot of onions in anybody's language. But, that's exactly the acreage that Bob Mackey has in the fragrant field between South Bay and in Okechobee county. Bob said yesterday that the onions are the finest he has ever seen and are about as high as the onions are being measured off a point on his index finger.

On other plots in the Eagle Bay section of Palmetto grow many other varieties of vegetables. A few acres of pepper, lima beans, and various and sundry other delicacies are under cultivation and to date a beautiful crop is in evidence as a result of Mr. Mackey's agricultural activities.

**Dr. Carter Located At Darden's Store**

Darden's Pharmacy, of Belle Glade, announced last week that they have added the services of Dr. Sam F. Carter, formerly assistant pharmacist at Darden's and now at Lutz's Pharmacy of Belle Glade. Darden's Pharmacy is now in a position to offer the full-time services of two Florida registered pharmacists. It is the only drug store in the Everglades that employs two registered druggists.

The general Dr. Carter most cordially invites his many friends to pay him a visit.

## HAVE STUDY COURSE

The young people of the Belle Glade First Baptist church are engaged in a Baptist Young People's study course under the direction of the pastor, Dr. W. Marion Sentell. The final meeting is scheduled for Friday night, the 18th with a social on the church lawn.

# Tag Football Has Many Followers

The Belle Glade Muscaterra junior high school football team, continued its winning way by trouncing the South Bay aggregation 2 to 0 Friday afternoon and the Canal Point eleven by a score of 12 to 0 Wednesday afternoon at Belle Glade. The Canal Point contest was originally scheduled to be played on Laid field in Palmetto but the field could not be obtained until late in the afternoon and it was necessary to make local arrangements.

The Muscaterra team of over 50 South Bay when one of the members of the Bay team attempted to pass behind his own goal line and was touched. Leroy Sweat was the individual star of the game. In the Canal Point contest, Coy Hunt scored, both touchdowns after scoring passes in the first half. Quarterback and fullback, eleven, coached by Grant Wilson, outplayed both of their opponents and displayed a superior brand of football.

# Home Town Bakery Has 16 Employees In Its New Location

Wiley Tillis, Prop., Pleased With New Product's Reception

Wiley Tillis, proprietor of the Home Town Bakery in Palmetto, yesterday expressed satisfaction over the way in which the new soft twist loaf, recently introduced to his customers in the Lake Okechobee region, has been received. In an effort to satisfy the demand of his customers in the various sections of the Lake region, Mr. Tillis recently put another delivery man in the new loaf and the seasonal return in business has made it necessary to increase the size of the new loaf at the bakery. This week Mr. Tillis said that the entire personnel totals 16 persons.

In an effort to satisfy the demand of his customers in the various sections of the Lake region, Mr. Tillis recently put another delivery man in the new loaf and the seasonal return in business has made it necessary to increase the size of the new loaf at the bakery. This week Mr. Tillis said that the entire personnel totals 16 persons.

Mr. Tillis moved his bakery from the old home to the new building purchased from the Lake Shore Supply company two months ago. Much new and modern equipment has been installed before the move was made thus giving the workmen the very finest in baking equipment to work with in the new building. Immediately after entering the new building where the new equipment was available, Mr. Tillis introduced the soft twist loaf. He stated that the reception of this new product has been excellent. He indicated that the loaf put on sale in Lake region stores. Along with the bread the local institution turns out pies, cakes, cookies and all sorts of delicacies.

One product—a sweet roll familiarly known as "Round-the-world" is in great demand these days since harvest started. It is a nickel seller and one night last week 2240 pieces of this single roll were sold in the store.

Next day's sales. Every night 500 nickel pies are baked in order to serve for the demand. All of this is done in connection with the sale of hundreds of loaves of bread and other delicacies.

**Negro Slain When He Fields Knife**

B. T. Quimby, colored, was shot and killed Tuesday afternoon in a field between South Bay and Belle Glade by T. F. Smith, an employee of the Glenbee Corporation, who the former allegedly attacked Dick Bole, of the Glenbee farms, with an open pocket knife. The dispute arose over the investigation of the slaying of some cane, it was asserted. A corner yard was selected and the body recovered late Tuesday. The defendant could not be located and was booked by Judge G. A. Hubbell.

## "B" TEAM TO PLAY

The "Blue Devil" B team will meet the Fort Myers Junior high school team in a football game scheduled at 8:15 p. m. The local eleven dropped a close 6-0 game two weeks ago at Fort Myers two

# Pahokee High School Library Staff To Present One-Act Play In Chapel Nov. 15

As an added attraction to the annual observance of Book Week, the Pahokee High School library staff on Tuesday morning, November 15, will present a play program in which each of the 15 members of the staff will have some part. One feature of the program (most of which is being kept secret) will be a one-act play, "A Non-Fiction Party."

The cast of characters is as follows: Louis Adamic, from "Native's Return" by Adamic—Junior Gowan. Eva LeGallienne, from "At 33" by LeGallienne—Margaret Kirkman. Dr. Banting and Dog, from "Men Against Death" by De-Kruif—Bob Beardsley and Doug. Mary Kladder Bak, from "Con-

man's Wife" by Rak—Polly Grant. Nora Wain, from "House of Exile" by Wain—Josephine Wood. Lily Kane, from "The Secret Garden" by Tarkington—Gerry Garrett.

Legion Presents Wrestling Card

A large crowd witnessed the wrestling card presented in Palmetto last night by the American Legion. The wrestling matches were presented in the recently constructed arena and some of the best talent in the state has been participating in the matches since they were started several weeks ago.

In last night's card James Bernard was victor over Tex Riley and Sam Palmer won over Tony Perena. In the feature match of the evening Bad Boy Brown was victor over Tiger Lou after a hard-fought battle. The night was a success and the Legion officials have evened out the card for the next Thursday night in the arena. Tony Perena will meet Walt Miller and Baron von Hoffman will meet P. L. Ladda and Sam Palmer and Bad Boy Brown, two of last night's participants, will meet in what should prove one of the most interesting battles of the night.

# VISIT PLANT STATION

Following the close of the International Sugar conference, a number of visitors from the Lake region stopped in Canal Point on their way home and visited the U. S. Sugar plant station. Among those who visited were: Rafael Bermudez of Puerto Rico, H. H. Dodd and wife of South Africa, P. Ladda and wife, and Mrs. S. A. Garrison of Tifton, Ga. were also visitors at the Canal Point station while visiting the station the visitors were conducted on a tour of inspection by J. W. Strickland, who with Mrs. Strickland has just returned from the New Orleans conference.

# First Publication

Of votes earned in The Everglades News and The Belle Glade News "Treasure Hunt" subscription drive. Some of our Treasure Hunters are giving a good account of themselves. Others have made a start and have to make cash reports and receive their commissions. Still others have received promises but have not yet collected many subscriptions.

The following votes, released for publication, indicate the order of standing for the work done up to Tuesday evening. Names are listed in alphabetical order.

Mrs. Eucuba Carruthers, Pahokee	5,000
Mrs. J. E. Cochran, Jr., Pahokee	5,000
Mrs. Ida Hovington, Belle Glade	140,800
Mrs. M. L. Leavelle, Pahokee	5,000
Mrs. C. H. Jones, Canal Point	5,000
Mrs. Mae Ludean, Canal Point	139,200
Francis Morris, Belle Glade	5,000
Mrs. Kathleen Spomer, Pahokee	136,700
Mrs. Paul Smith, Belle Glade	136,000
Carry West, Belle Glade	136,000
Miss Maude Woodward, Belle Glade	156,500

As the Treasure Hunters are not required to print all the credits they have accumulated, the number opposite their names does not necessarily indicate all they have to their credit. The commission number of votes earned will not be disclosed at any time during the campaign.

Only the names of active candidates will continue to be carried in this list. There is room for more workers of the right sort if they want to get busy and stay busy and win.

No one who has entered has any reason to feel any degree of discouragement. The exact truth is that the work has just started and new candidates entering today will have a good chance to win if they were willing to work hard.

## LADIES' AID PROGRAM

The Ladies' Aid of the Canal Point Baptist church announces a fish and oyster supper and a quilt auction sale to be held at the oyster supper for 35c. Everybody invited.

# Armistice Signed 20 Years After The Close of World War

Speaker Herman Cites Reason Before The Pahokee Rotes

The Treaty of Versailles did not signify the end of World War I. Instead, the new historic treaty agreement of Munich a few short weeks ago, with its meeting of Chamberlain, Hitler, and Mussolini, marked the actual end of the conflict.

This poignant fact, in the words of Dr. Carl N. Herman of West Palm Beach, speaker at the weekly luncheon meeting of the Pahokee Rotary club Thursday, gives irrevocable support to the belief that Germany and not the Allies won the World War. The agreement of the European democracies with the dictator nation, which marked the complete end of the supremacy of democratic government in Europe, Dr. Herman went on to say.

It is not popularly supposed, however, said Dr. Herman, but the agreement at Munich was the climax to a series of diplomatic maneuvers and stagings by the various political statesmen involved. It resulted in the "sell out" in the world. Dr. Herman, of the League of Nations, of the League of Democracies of Europe such as Czechoslovakia, to the totalitarian governments by the so-called progressive nations, England, France, and Russia.

Dr. Herman suggested that we keep silent and let the world know the deeds of valor and courage of 20 years ago. He added that it was a day in remembrance of the deeds of valor and courage of 20 years ago. He added that it was a day in remembrance of the deeds of valor and courage of 20 years ago. He added that it was a day in remembrance of the deeds of valor and courage of 20 years ago.

Dr. Herman was introduced by Rotarian Abe Dobrow. Other guests at the meeting included Mr. E. H. Hovington, agent, Dr. J. R. Keller, J. W. Wilson and Philip Clarke, editor of The Belle Glade News. Malcolm Miller of Pahokee, and J. E. Graham, superintendent for Mrs. P. E. Walker at the plant. A meeting of the Board of directors was held immediately following the regular session, the purpose of which was to discuss plans for the annual general session, to be held at the end of the year in Jacksonville.

# GARDEN CLUB TO MEET

The Community Garden club will meet Tuesday afternoon, November 15, at the home of Mrs. H. S. Waring in Pahokee. All members are urged to be present for the meeting since an interesting program is being featured.

# New Association Baptists Formed

At a meeting of representatives of the Baptist churches of West Palm Beach, Lake Okechobee region in the First Baptist church of Pahokee last Monday, a new Baptist association was formed with Rev. W. Marion Sentell of Belle Glade as temporary moderator and Rev. S. F. Beard of Pahokee as temporary secretary. November 26th was set as a tentative date for the permanent organization and the First Baptist church of Lake Worth as the place.

Most of the churches of the new body are at present members of the Baptist Association of the Lake Okechobee region. The distance from the Lake section to Miami was given as the reason for the new organization. The churches have already voted to enter the new association are as follows: First Baptist, Belle Glade; Canal Point Baptist; Clewiston Baptist; First Baptist, Lake Worth; South Bay Baptist. Others are expected to enter at the time of the permanent organization.

# Golden Opportunity Awaits Those Who Want Ready Cash

Democrats Roll Up Big Vote In Balloting

Registered voters in Belle Glade and Canal Point voted an almost unanimous Democratic ticket in the state and county election held last Tuesday. All nominees were swept into office with very little opposition as was expected and the four important state constitutional amendments also met little opposition.

The three Everglades men that were voted into government office are Herbert D. Beck, Belle Glade attorney, who was elected to the office of State Representative from group No. 2 of Palm Beach county, Norman Salvatore, elected to the position of school board member from district No. 1 of Palm Beach county and D. W. Crocker, elected to the position of county commissioner.

# Electric Rate For Pumping Is Cut For Town Belle Glade

Will Effect Saving Of 20 Percent During Each Year

An important announcement in connection with the immediate reduction of power rate charges for the water pumping and city hall activities of Belle Glade was made at the regular Wednesday session of the Belle Glade city commission by Porrett D. Banning, an official of the Glades branch of the Florida Power and Light company. In explanation of the rate cut, Mr. Banning said that the reduction was drafted because of the general strained condition of municipalities in Florida because of the decrease in tax revenue from the property tax.

Mr. Banning stated that the total assessed valuation of Belle Glade property amounts to \$1,013,500 and that approximately \$124,700 in the classification of homestead exemption. The result of the rate cut will be the form of tax income has been the loss in collectible fees of approximately \$2,500. The present income equals about \$1,000 yearly. Mr. Banning said. Mr. Banning also stated that the power bill for the city of Belle Glade, street lighting operations under the original agreement and contract without revision of same. It was claimed that, approximately 20% under the agreement. The reduction in rates will be a saving of one-eighth of the tax amounts lost as a result of various exemptions would be regained under the new rate schedule. It was further explained that the 20% reduction would be in addition to the present discount for long-term power contracts and that no reduction would be offered below the regular minimum charge.

# NEW FREIGHT SCHEDULE

Announcement was made this week of a proposed change in the freight schedule of service to the Glades region by the Florida East Coast railroad. At a date to be decided later, the railroad company will establish train and yard service for the Glades region on the main line south of Fort Pierce. Following is a partial list of closing hours for freight goods to be shipped from the Glades branch through Jacksonville on the additional delivery: Lake Harbor, 1:30 p. m.; South Bay, 4:00 p. m.; Belle Glade, 4:30 p. m.; Canal Point, 6:00 p. m.

Thousands of motorists will be given an opportunity to view the Seaboard Air Line's new Diesel electric train which will be in operation at various points in the state during the next two weeks.

### SPORTSMAN'S CODE

In the interest of public safety we are printing the following sportsman's code:

1. I will never allow the muzzle of my gun to point at anything which I do not intend to shoot.
2. I will never handle a gun when the muzzle is pointed at any person, nor stand in front of anybody who is loading a gun.
3. I will never cock my gun and pull the trigger for fun.
4. I will never shoot directly at a flat, hard surface, a bottle, or similar object, as the bullet is certain to ricochet (bounce) from it.
5. I will never handle a gun without first opening the breech to be sure the gun is empty and looking through the bore to see that it is clean.
6. I will never carry my gun loaded, except when hunting and will then be sure that it is locked in the "safe" position.
7. I will never shoot at a song bird or harmless animal for sport and will always, be sure that no wounded game is left to suffer.
8. I will remember that a 22-caliber bullet will travel three-quarters of a mile, through nine inches of ordinary board, and will ricochet a long way across water.
9. I will always put my gun muzzle first through a fence before I climb the fence—I will climb over between the next two fence posts.
10. I will always give my gun a thorough cleaning as soon as I am through firing.

### Used Car Lot Is Opened By WPB Firm

A. C. Bailey, formerly of West Palm Beach, announced the opening last week of a new used car lot in Belle Glade located next to property of Bill's Auto Service. The lot is under the management of Dependable Motors Inc., of West Palm Beach and Mr. Bailey will act as local representative.

## Maybe We Were Too Big-Hearted. Now This Article Will Explain Our Generosity

It has come to the attention of the publisher of The News that some subscribers who have not been presented a bill for subscription, have assumed that they were receiving the paper gratis and that no obligation existed on their part for the payment of subscription. One valued subscriber is quoted as saying "Why, if I should miss even one week's issue, of course I would pay for the paper." It had not occurred to me that I was expected to pay any subscription.

The publisher regrets that his failure to present bills for subscription has given any one the impression that no payment was expected. He desires at this time to explain the fact that the oversight will not be repeated in the future. Bills against the business for wages, rent, paper, light, postage and a multitude of incidents never fail to arrive and unless the News collects bills for all accounts due (including subscriptions) there is of necessity a charge on the wrong side of the ledger. "Like every other business man, this publisher has all instinctive dislike for RED ink."

It is, of course, regrettable that the leniency of the News in regard to presenting subscription accounts has given rise to a misapprehension in the matter, but a simple explanation should be sufficient. A printing office has three sources of income—subscription (which is the least of the three in point of volume), advertising and job printing. The loss of profit is compensated at the end of the year (25% percent of the gross). The total amount of subscription (if every cent were collected) would not amount to as much as twenty percent of the gross collections. But, if that twenty percent is NOT collected it reduces the margin of profit almost to the vanishing point.

Let us explain a little further. A survey conducted by the National Editorial Association a few years since disclosed that the loss to publishers from subscription accounts was estimated at \$100,000,000.00. This is a staggering figure. It is also a proof of a large list of names whose expiration date shows arrears, and who are not cancelling their subscription have given us to understand that they desired the paper to be continued.

We trust that what we have here written will be taken in the most kindly spirit in which it is intended. The subscription price is small—only four cents a week. The paper feels that its efforts to work for the best interests of the Glades section entitles it to a PAID subscription in every home in the section.

The News has been the exponent and publicity agent of Everglades section for a number of years. It hopes to continue in that capacity for many years in the future. But it is as is as certain as the rising and the setting of the sun. It will not be able to render that measure of service to the community to which it aspires, and cannot serve the people of this section in the manner it desires unless it can receive the financial support to which it is entitled.

And this means payment for subscriptions, as well as all other accounts.

Paul Rardin, Publisher.

scription accounts the nation over, amounted to practically thirty-three (33) per cent of the total. Now, if the natural and unavoidable losses on this class of accounts amounts to that much, is it necessary to enter into any sort of argument as to the necessity for making prompt and complete collections on the balance?

The credit system of business has largely "Gone With The Wind" in this area. Most retail merchants, including printing offices, were extended from 90 days to twelve months credit. "Then days is gone forever." Now, terms are either CASH ON DELIVERY, or in some special cases (as a great favor to preferred customers) thirty days credit. Rent must be paid monthly—usually in advance. Wages must be paid every Saturday. We don't need to tell you about payment for power and light. It's either payment on the job or check.

How in world can a printing office keep running if several hundred subscribers are delinquent in their payments for years? You figure it out. We can't.

And, we are not going to cry. The News has been glad to extend a generous measure of credit to its subscribers in the past because we felt that the financial conditions justified and because we thought it would be appreciated. If by reason of the fact that bills for subscription have not been presented some of our valued friends and subscribers have gotten the notion that the paper was being offered for free distribution, we are sorry. Maybe the fault has all been ours. But the fault is not going to be repeated in the future.

One of the reasons for the present subscription drive is to place the paper on a paid in advance basis. The News is proud of a large number of subscribers who are not cancelling their subscription have given us to understand that they desired the paper to be continued.

We trust that what we have here written will be taken in the most kindly spirit in which it is intended. The subscription price is small—only four cents a week. ### BEST-IN-TOWN CAFE IS OPEN

The Best-In-Town Cafe, scheduled for opening last Saturday was opened yesterday afternoon. It was announced by John Michael owner and proprietor. The new Belle Glade restaurant had been decorated and re-built for the opening last week but several last minute changes made necessary the delay in the opening day.

### "DOC" TRIMS MAYOR WELLS

Mayor Arthur Wells' the sporadic Belle Glade golfing sensation, dropped a desperate 36 holes of golf to "Doc" Van Lamsingham, tournament star 3 and 2 at the Port Mayaca course last Sunday. Wells has shot as low as 80, as Arthur reports, but lack of consistent practice and failure to sink several set-up putts threw him "off" his game. Van Lamsingham, on the other hand, played steady golf throughout.

### SUFFERERS BROKEN ARM

Miss Elizabeth Thompson, first grade teacher at the Belle Glade school, suffered a compound fracture of the arm when she fell while roller skating at the Arena Monday night. Miss Thompson expects to be able to resume her piano activities in Belle Glade within a month and has continued her teaching without interruption.

### Golden Opportunity—

(Continued from page 1)

opened until after December 21, at which time a number of people in this section are going to receive some very desirable sums in cash in addition to the commissions they already will have received. That much is it necessary to earn wages while at the same time competing for valuable cash prizes is there any place else you can have such an opportunity?

This drive for new and renewal subscriptions for The Everglades News and The Belle Glade News is in no sense a game of chance. It is strictly business—serious business, and the "Treasure Hunters" who really desire to receive the big cash award at the conclusion of the work, will treat it as such. The old story of the foot race between the rabbit which laid down to take a nap and the tortoise which kept plodding straight ahead is familiar to every one of us. Don't we urge you, go to sleep on this job if you really want one of those big cash prizes in the night of December 21.

The fact that all who participate, will be generously repaid in proportion to the results they achieve, makes this an outstanding enterprise and insures a yes to all who take part. Even if you should not reach first place, you are assured of pay for the time and effort you put forth.

But our workers, no matter how faithful cannot do it all. Leaders, you have an important part in the success of the undertaking. You good people of this vicinity, have a reputation for putting over all meritorious projects when they are called to your attention. Now here is your home paper which has been sounding the praise and working for the best interests of this section for many years and is now attempting to increase the sphere of its influence and opportunity for community service. All that it is asking is the chance to do more and better work for this immediate section. In order to do this work it needs an enlarged list

### MAYOR WINS PONY AT DARDEN STORE

Mayor Arthur Wells was the lucky winner of the Shetland pony given away by Darden's Pharmacy Monday in a contest which has been conducted for several weeks. The pony was delivered to the Wells' residence in the back seat of Dr. M. E. Irby's automobile. Mr. Wells accompanied Dr. Irby and the pony Tuesday evening. Mr. Wells stated that the pony will be given to his children and that he expected a great deal of confusion in his home during the next few days.

of readers. All the money received will be paid to workers in commissions and awards and in further improving your home paper. A subscription to your home paper is much more than a purchase of any other commodity, because the newspaper is more than simply a private business. It is the representative of the community and the section is properly judged by the appearance and prosperity of its newspaper. A snappy, prosperous community will have a snappy and prosperous paper. But the paper cannot be snappy and prosperous without the united support of the section where it is published. Hence, it is readily apparent that a subscription to your home paper is an investment in the progress and prosperity of the section in which you live.

You are going to subscribe for The News some of these days because you will want a hand in everything that enters into the growth and progress of this community. Why not subscribe right now while your subscription will help some one of the faithful workers in this campaign. As a final word to the workers, don't dream of success—go earn it. Don't just talk—"march." Speed and speed alone will spell success. Don't let any one get ahead of you. Your friends are watching you and expecting you to give a good account of yourself. Don't disappoint them.

# Why I Should Subscribe For My Home Paper

By Clarence O. Finch, Campaign Manager.

There are a few things which every good citizen should make it a point to do and be. He should be a member of and a regular attendant at some church. He should take a keen interest in all matters of public concern particularly in schools. He should be prompt in paying taxes and should interest himself to know that the money he has paid for public purposes is wisely expended. He should make a study of the persons seeking office and should vote for the one best fitted for the position, regardless of his own personal likes and dislikes. He should so thoroughly inform himself on all public questions that his influence and his vote would be based on knowledge of conditions and of candidates. Summing up, he should be a good husband and father, a good neighbor and a good citizen.

And he should be a regular subscriber to his home paper.

Let us think the matter over and consider just what it is we buy when we pay for the home paper. We buy information concerning our friends at home and away from home. We buy the records of public happenings in the town and community, so that we are kept in touch with public affairs of interest. We buy information concerning the improvements going on in the town and in the community and thus keep posted on the progress and prosperity of the community in which we live. We learn (or should) in the advertising columns what the merchants of the town have for sale and at what price. In short, the home paper is the distributing agent of all kinds and descriptions of information and contains matter of interest to every individual.

Now the newspaper is unlike any other kind of business in the world. Although it may be privately owned, it is in fact a community institution. It is not merely the property of the publisher, but in fact, the representative of the entire community. It touches the life and the activities of every individual in the community. It prints the news of your birth, carries your name in "the honor roll" when you enter school, tells of your graduation from the grades into high school and when you have finished high school, records that you have gone on into college. It congratulates you when you are married and when your children are born. It sympathizes with you in sickness and disaster and rejoices with you when prosperity comes to abide with you. It mentions the names of your friends who have come to pay you a visit and tells of the improvements you are making on your property. It is a weekly letter from home to folks away from home.

All the way through life, from birth to death, the home newspaper is your friend and counselor. It is more than merely a record of the comings and goings of the community; it tells how to make the hens lay more eggs and how to get more milk from the old cow. Recipes inform you how to cook new forms of food and make old forms taste better. It instructs on the latest methods of canning and how to improve the quality and quantity of everything you grow in the garden or on the farm. It warns when the confidence man is abroad in the land and tells what the preacher is going to talk about next Lord's Day. And when death's cold hand the curtain draws, it tells at length the good deeds of a lifetime and mercifully forgets the faults.

It is not possible for the home paper to compete with the big city daily. It would cease to be the home paper if it even tried. It is the home paper because it is "homey," because it tells me about my friends and neighbors and the people and things in which I am interested. And just as certainly as the city daily with its dozens of pages and its manifold articles (most of which have little or no interest for me) has a place in public life, just that certainly does my home paper hold a place in the life of the community in which I live.

In order to be a success, in order that my home paper shall be able to measure up to its possibilities and its opportunities, it is entitled to and should receive my best support. I should be a constant subscriber and I should go out of my way to inform the editor of any item of news which I feel would be of interest to the residents of the community. It is only by complete co-operation that an enterprise such as a newspaper can give the degree of service to the community that is expected of it and which it strives to render.

When I subscribe for my home paper, I am helping to build a bigger and broader future for myself, for my neighbor, and for my community, and I am helping to promote the best interest of my town, my county and my state. In short, I am making an investment in the progress and prosperity of the community in which I live. And as a good citizen, I consider that an obligation and a sacred duty.

#### OPEN FORUM

THE LORDS DAY

Shall the Lord have a day in each week? "That is the question discussed in a meeting of laymen representing a large part of the farming area of the Everglades Thursday evening.

The question of the growing disregard of the Christian Sabbath was first brought up for discussion in the Men's Bible class of the First Baptist church of Belle Glade. They decided to invite the business men, packers, farmers and ministers "from surrounding communities. There were among those who responded W. E. C. C. M. Todd, J. C. Mizell, Rev. O. H. Merlon, Arch Hodges, Nathan Melton, W. M. Moxie, G. L. Evans, M. D. Hardy, J. N. Bierce, Rev. S. B. Jordan, Rev. W. Marion Sentell, J. K. Baker, Donald Asprey, O. A. Ward, H. E. Jones, Mrs. M. D. Hardy, Mrs. Irene Fraime and Mrs. Hartline.

The meeting was opened with earnest prayer that, men of the Everglades might be awakened to the great wrong of the desecration and disregard of the Christian Sabbath, and the certain danger of destroying all religious power and disrupting all reverence and observance of the Lord's Day.

Practically every one of the 19 men made short talks expressing their ideas about work on the Christian Sabbath, each reaching the conclusion that Sabbath desecration was not necessary to the welfare of business; that it has brought on the hardships of overproduction and the wage-hour law and many curses to humanity; that it is not only God's law but the law of human welfare and life to have the Sabbath.

All the men present stated that they believed a way can be worked out securing the cooperation especially of the packers curtailing Sunday work. Frequent exhortations to business men indicate that there is a general feeling among men generally as to the ultimate end of the destruction of the Sabbath. A committee was made to appoint a committee to contact the packers, large farmers and others and ask them to another discussion of this matter to be held at the First Baptist church of Belle Glade within ten days.

#### At The Theatres

"Alexander's Ragtime Band" is the feature attraction at the Everglades theatre in Belle Glade on Sunday and Monday.

"I'll never forget the night I first heard that song!"

The words were wisp of thought in a roomful of conversation. It was Sunday in Hollywood—and the radio offered a program of Irving Berlin hits.

Darryl F. Zanuck caught the words from across the room.

Every song stirred a memory the melody whispers across the years and again opens the old album of recollection.

It might have been the first time a girl went to a party. It might have been the song the fellows sang around a summer camp—the song the men sang marching to war—the song mother loved to play—dad's one-and-only solo—songs which never die.

It has been said of Darryl F. Zanuck that he looks for his motion picture stories on the front pages of the daily newspapers—the things that are most immediate in the public mind.

More important, he says, are the things closest to the heart.

And among the 600 songs that Irving Berlin has written, Zanuck knew he could find the melody

milestones within every one's recollection.

"What's your favorite song, Irving?" was the first question the producer placed before the famous song writer.

"Alexander's Ragtime Band," was the prompt reply, "I'll never forget the first time Emma Carus sang it..."

Romance it must be... great with the power to stir the hearts of all who have loved... rich in the memories of three decades enriched by Irving Berlin's melodies.

"Racket Buster" with Humphrey Bogart will be Sunday and Monday attraction at the Pahokee theatre.
